

Feedback form for evaluating FACER-AS

This form is filled by our evaluator who we contacted on Fiverr.

Based on my usage of FACER-AS plugin, on average, the recommender was successfully able to predict RELATED METHODS. *

	1	2	3	4	5	
strongly disagree	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	strongly agree

I would rate the usefulness of RELATED METHOD recommendations based on their ability to provide relevant functionality for my application as follows: *

	1	2	3	4	5	
not useful	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	very useful

I would rate the usability of this recommendation tool for my development activities as follows: *

	1	2	3	4	5	
low	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	high

This tool can reduce the need to perform repeated online searches to find code for various features of an application *

	1	2	3	4	5	
strongly disagree	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	strongly agree

I would be interested in using this tool on a regular basis. *

	1	2	3	4	5	
strongly disagree	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	strongly agree

I perceive that this tool can speed up my development. *

	1	2	3	4	5	
strongly disagree	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	strongly agree

The organization of information on the tool screens is clear. *

	1	2	3	4	5	
strongly disagree	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	strongly agree

In your opinion, what are the advantages of the approach and tool, if any? *

- 1) Reduce time of coding
 - 2) A lot of related methods provides more utility
 - 3) Includes lot of methods in domain of File class
-

In your opinion, what are the disadvantages of the approach and tool, if any? *

there are no disadvantage of this tool, infect this tool act as a companion of a programmer

Feel free to add any comments , suggestions, concerns, feedback or questions.

there are 2 suggestion

1) In future There must be methods for development of other applications

2) Some times the tools make the android studio lag or hang, hope so in future update it will be resolved

Thank you!

Your feedback is greatly important for us. Thank you for your time.
